From: Village of Leetonia Water Meter
Replacement Project

Regarding: Account:

The Village of Leetonia has started a project to replace water meters and install new radio transmitters. This new state-of-the-art system will greatly improve the Village's operational efficiency and level of customer service.

The Village has contracted with NECO to install the meters and meter transmitting units.

Please contact NECO within the next two weeks to schedule an appointment for the installation.

We can be reached (toll free) at **1-800-624-6975**. Representatives are available for scheduling your appointment Monday - Friday 8 a.m. - 6 p.m. and Saturday 10 a.m. - 2 p.m.

You are also welcome to schedule online at <http://www.necowater.com/schedule/>.

Unfortunately, failure to comply with the meter exchange project may result in interruption of water service.

Installation should take between 30-60 minutes. Thank you for making your meter accessible so we can complete this project successfully!

Respectfully yours,
Robert W. Becker
President, NECO
