

Water Meter Replacement Program

Leetonia, Ohio 44431

Leetonia water customers will be receiving a letter from NECO (Neptune Equipment Company) requesting them to call in and set up an appointment to have their water meter changed out. You are being asked to call into **1-800-624-6975** to set up your appointment OR you can set it up online at <http://www.necowater.com/schedule>

If you schedule online, you should get an email confirmation back.

The Village would appreciate that everyone call in A.S.A.P. so that this program can be completed before bad weather starts to set in.

You can visit Leetonia Web Site for more information.

http://leetonia.org/Water_Meter_Project.html

Just a reminder the property owner is responsible to maintain the water lines from the curb box into the water meter, PLUS the plumbing on house side of the meter. Plumbing MUST be in such a condition to allow the meter to be changed out.

Failure to have this work done during the project time frame will result in the cost of the meter, the equipment cost, and cost of labor to be passed onto the customer.

Please feel free to call with any questions or concerns:
